 Designed by the authors of Design Think, Think Make Break Repeat: A Handbook of Methods (015 Publishers)

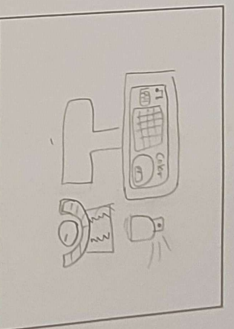

1 Flat surfaces in public spaces

that allow people to colour tiles  
to show or draw patterns.

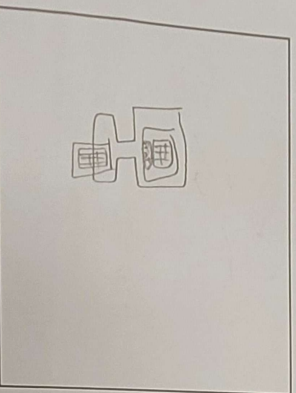

2 The pads vibrates and plays

a musical note when stepped on  
during the day.

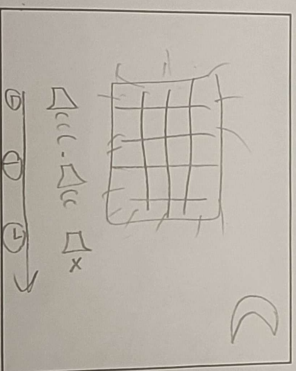

3 Using the settings device one

can adjust the colour, notes, vibrations  
and type of pen/spraypaint being used.

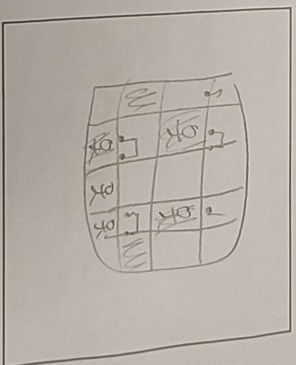

4 At any point people can use

the settings device to print a copy  
of the canvas.

5 The tiles become glow in

the dark at night while decreasing  
its music volume as the day passes.

6 Multiple people / communities

can work together to create  
complete collaborated art pieces.
